

Technology

Cars leaving the assembly line today are packed with the latest technology. Another excellent reason to fit the latest mod-cons to your 407 and make your car even more fun to drive.

Anti-intrusion alarm
Sleep peacefully with this anti-intrusion alarm on original remote control for maximum protection of your 407.

Rear parking audible aid
These 4 discrete proximity sensors integrated into the rear bumpers will bring welcome assistance during your reverse manoeuvres. Also available for front parking.

USB Box
Control all your music from your 407's steering column controls all thanks to this box to which you can connect your Ipad, USB key or jack socket.

Navigation system
Simply enter your destination via the touch screen, then let your car steer you to your destination anywhere in Europe. (Depends on model)

Bluetooth® hands-free kit
Talk on the phone while keeping your hands on the steering wheel. All with your Bluetooth compatible GSM mobile phone in your pocket.

Safety

The road surface and weather conditions can sometimes reserve some unpleasant surprises, compromising the safety of you and your passengers. Equip your 407 with these accessories for your personal protection, and special equipment which enable you to counter all potential hazards.

Electronic Alcohol Testing Kit
Don't get caught out. Get into the habit of testing your own alcohol level after drinking with this electronic kit.

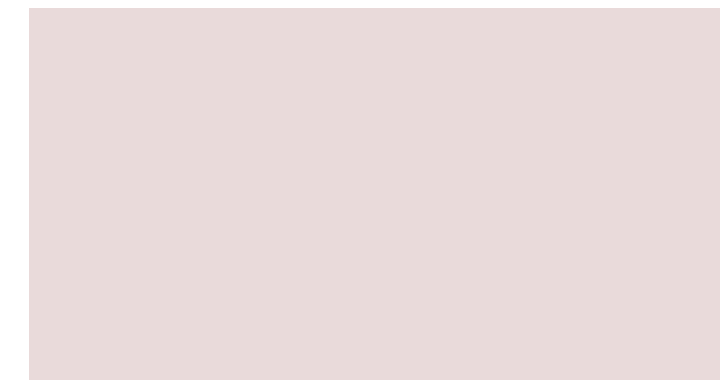

Safety accessories
Essential elements that are compulsory in some countries, these safety accessories will be of immeasurable help to you should unforeseen events occur while you are travelling.

Winter accessories
Snow chains / Anti-skid tyre covers. Snow chains may be required by law, and are essential for driving on snowed-up roads. For occasional use, anti-skid tyre covers make driving a whole lot easier for you.

Making your 407 even more exceptional !

Peugeot has specially designed a complete line of accessories for your 407 to meet your exacting requirements. In addition to the pleasure aspect,

these accessories will also increase the value of your 407, making it really stand out.

Exterior styling

It's the style makes the car... Emphasise your 407's style! With a winning combination of classic elegance and modern dynamism, these styling elements will give your vehicle a genuinely striking and personalised look.

Alloy wheels Cosmos 17"

Alloy wheels 16" and Quasar 17"

Alloy wheels 18"

Alloy wheels Hortaz 16" and Hortaz diamond 16", 17", 18"

Alloy Wheels
Alloy wheels are one of the most important accessories in creating a bespoke vehicle. These are based on the Hortaz model, specifically designed and developed for the 407, with a diamond finish.

Rear spoiler 407 Saloon

Designed for the 407, this rear spoiler gracefully extends the car's lines and makes it look even more dynamic. Only quality materials are used to ensure longevity even under conditions of intensive usage and harsh weather. This accessory is sold unpainted.

Front Door Deflectors

An excellent way to enhance driver and passenger comfort. You can now have the pleasure of driving with the windows partially open without those annoying air currents.

Style mudflaps

An excellent accessory to keep mud and groundwater away from your 407 and cars following behind. These flaps blend with the lines of your 407.

Interior Comfort

We do not all live our lives in the same way... nor in the same climates. To make sure the 407 reflects and enhances your lifestyle, habits and environment, simply pick the Peugeot interior accessories that will make your driving experience even more pleasurable!

Seat covers Titane

A wide range of seat covers has been made to measure for the 407. These covers are easy to fit and are compatible with side airbags.

Side sun blinds

These sun blinds fully shield the side windows.

Rear window sun blind Saloon

Designed specifically for the 407, this roller blind blends perfectly with the interior ambience. Pulling down the blind protects the interior from harsh sunlight.

Boot tray Saloon

This bin, which is very easy to handle, is made of thermoformed material, and is placed in the boot without any need for fastenings. It perfectly matches the boot's shape and is very easy to look after.

Door sill protectors

Made of brushed stainless steel, these protectors perfectly match the 407's lines.

Set of rubber floor mats

Made to measure, these clip-on floor mats marry the contours of the cab floor. The driver mats bear the 407 signature. NB: carpets mats should not be put down on top of each other.

Set of Classic floor mats

The driver mats bear the 407 signature.

Travel and leisure

Your 407 was built to drive you wherever you want to go. Take off knowing that you are at the wheel of a car that is trustworthy, safe and reliable, by equipping it with these accessories, made to maximise your travelling pleasure.

Snap-On "Quick Barres" roof bars 407 Saloon

These roof bars simply snap onto the roof. No need for a spanner: the bars are attached and removed using an lever integrated in the feet. These elegantly designed bars are in perfect harmony with the vehicle, and the lockable feet covers make sure that the bars cannot be stolen.

Towbar with towing ball removable without tools

The towing ball can be fitted into its housing with a simple manoeuvre. Reverse the action, and the 407 is as smooth as ever.

Roof box

This aerodynamic roof box adds a lot of storage space to your 407. It is fitted with a 2-point central lock and cylinder-assisted openers along the side.

Bicycle Carrier

Consisting of an aluminium rail with two adjustable wheel supports and an anodized aluminium arm, this bike carrier carries bikes in the riding position with the saddles up, and is fitted with a lockable automatic blocking system.

Boot tray and Dog grille for 407 SW

This thermoformed boot tray is available in two heights: 40mm and 250mm. Consisting of a steel mesh, the dog grille separates the rear compartment from the vehicle cab.

Child seat with Isofix 3 point fastening system

This car seat gives optimum protection to toddlers from 9 to 18 kg in weight.

Isothermal module

Carries up to 3 litre bottles at just the right temperature. It can, of course, keep things cold or hot.
